FINISHING THE CARD

9. Stamp a sentiment on the lower right hand corner of one of the pieces of 3 ½" x 5 ½" pieces of Whisper White cardstock. Sentiment should be no larger than 1 ½" wide. To make sure your sentiment fits in the space, fold the card together and put the belly band in place. The area below the belly band on the lower right side is the space for your sentiment. Adhere this piece to the card front.
